

§ 4203.5

this part has been given to all employers who have an obligation to contribute under the plan and to all employee organizations representing employees covered under the plan.

(4) A statement indicating how the withdrawal rules in the plan amendment would operate in the event of a sale of assets by a contributing employer or the cessation of the obligation to contribute or the cessation of covered operations by all employers.

(5) A copy of the plan's most recent actuarial valuation.

(6) For each of the previous five plan years, information on the number of plan participants by category (active, retired and separate vested) and a complete financial statement. This requirement may be satisfied by the submission for each of those years of Form 5500, including schedule B, or similar reports required under prior law.

(7) A detailed description of the industry to which the plan amendment will apply, including information sufficient to demonstrate the effect of withdrawals on the plan's contribution base, and information establishing industry characteristics which would indicate that withdrawals in the industry do not typically have an adverse effect on the plan's contribution base. Such industry characteristics include the mobility of employees, the intermittent nature of employment, the project-by-project nature of the work, extreme fluctuations in the level of an employer's covered work under the plan, the existence of a consistent pattern of entry and withdrawal by employers, and the local nature of the work performed.

(e) *Supplemental information.* In addition to the information described in paragraph (d) of this section, a plan may submit any other information it believes is pertinent to its request. The PBGC may require the plan sponsor to submit any other information the PBGC determines it needs to review a request under this part.

Subpart A—General

§ 4204.1 Purpose and scope.

(a) *Purpose.* Under section 4204 of ERISA, an employer that ceases covered operations under a multiemployer plan, or ceases to have an obligation to contribute for such operations, because of a bona fide, arm's-length sale of assets to an unrelated purchaser does not incur withdrawal liability if certain conditions are met. One condition is that the sale contract provide that the seller will be secondarily liable if the purchaser withdraws from the plan within five years and does not pay its withdrawal liability. Another condition is that the purchaser furnish a bond or place funds in escrow, for a period of five plan years, in a prescribed amount. Section 4204 also authorizes the PBGC to provide for variances or exemptions from these requirements. Subpart B of this part provides variances and exemptions from the requirements for certain sales of assets. Subpart C of this part establishes procedures under which a purchaser or seller may, when the conditions set forth in subpart B are not satisfied or when the parties decline to provide certain financial information to the plan, request the PBGC to grant individual or class variances or exemptions from the requirements.

(b) *Scope.* In general, this part applies to any sale of assets described in section 4204(a)(1) of ERISA. However, this part does not apply to a sale of assets involving operations for which the seller is obligated to contribute to a plan described in section 404(c) of the Code, or a continuation of such a plan, unless the plan is amended to provide that section 4204 applies.

§ 4204.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: Code, employer, ERISA, IRS, multiemployer plan, PBGC, person, plan, plan administrator, plan sponsor, and plan year.

In addition, for purposes of this part:

Date of determination means the date on which a seller ceases covered operations or ceases to have an obligation

to contribute for such operations as a result of a sale of assets within the meaning of section 4204(a) of ERISA.

Net income after taxes means revenue minus expenses after taxes (excluding extraordinary and non-recurring income or expenses), as presented in an audited financial statement or, in the absence of such statement, in an unaudited financial statement, each prepared in conformance with generally accepted accounting principles.

Net tangible assets means tangible assets (assets other than licenses, patents copyrights, trade names, trademarks, goodwill, experimental or organizational expenses, unamortized debt discounts and expenses and all other assets which, under generally accepted accounting principles, are deemed intangible) less liabilities (other than pension liabilities). Encumbered assets shall be excluded from net tangible assets only to the extent of the amount of the encumbrance.

Purchaser means a purchaser described in section 4204(a)(1) of ERISA.

Seller means a seller described in section 4204(a)(1) of ERISA.

Subpart B—Variance of the Statutory Requirements

§ 4204.11 Variance of the bond/escrow and sale-contract requirements.

(a) *General rule.* A purchaser's bond or escrow under section 4204(a)(1)(B) of ERISA and the sale-contract provision under section 4204(a)(1)(C) are not required if the parties to the sale inform the plan in writing of their intention that the sale be covered by section 4204 of ERISA and demonstrate to the satisfaction of the plan that at least one of the criteria contained in § 4204.12 or § 4204.13(a) is satisfied.

(b) *Requests after posting of bond or establishment of escrow.* A request for a variance may be submitted at any time. If, after a purchaser has posted a bond or placed money in escrow pursuant to section 4204(a)(1)(B) of ERISA, the purchaser demonstrates to the satisfaction of the plan that the criterion in either § 4204.13 (a)(1) or (a)(2) is satisfied, then the bond shall be cancelled or the amount in escrow shall be refunded. For purposes of considering a request after the bond or escrow is in
